Infrastructure to welcome students and staff with disabilities

E MURCIA01

The University of Murcia will not be able to accept incoming students from subject areas not covered by this bilateral agreement. However, students can enroll in any extra subject from other subject areas provided that: 1) they do not represent the majority of the Learning Agreement, 2) the academic advisor is in agreement with the Learning Agreement prior to the arrival of the student. Furthermore, we will only be able to accept students for Master degrees if the bilateral agreement includes this level.

The University of Murcia has adapted its facilities in order to allow access to people with disabilities. Furthermore, there is an office, within the University, which provides guidance and assistance to students with disabilities and special needs. Some of the services they render include the following: access to adapted computers, technical support, academic support, and psychological help. Incoming students in need of special support should inform the International Relations Office during the application procedure.

The application procedure is explained in the following website: <https://erasmus.um.es/erasmus/estudios>
There is only one application deadline for students in the areas of Medicine, Pharmacy, Dentistry and Physiotherapy. These areas are taken at the Faculty of Medicine which has its own admission procedure as follows:
