

Souada Belaid

Education

2016-2019: Master's degree in cellular and molecular biology, Faculty of sciences of Gabes, Tunisia .

- **Mention :** Honorable
 - **Topic of the master thesis :** evaluation of bioactive potential of date seeds
- 2013-2016: diploma in applied licence in analytical and experimental biology

- **Mention:** honorable
 - **Topic of licence thesis:** effect of bioactive peptides on human male infertility.
- 2013: Bachelor's Degree in experimental sciences

Research Interests

Biological activities, Biochemistry, Microbiology, Nanoparticles, Biopesticides

Professional Experiences

Volunteer

Experience

- 2014: internship at hospital of tozeur, Tunisia.
- 2016: internship at the laboratory of medical analysis Faycel Mokhtar in Gabes, Tunisia.
- 2020: Supervision of end-of-study projects, Faculty of sciences of Gabes,

Tunisia.

Academic internships

2017-2018 : internship in my master's degree at university of Messina, Italy.

2022: Internship at institute of agronomic sciences (CSIC) in Madrid, Spain under the direction of Prof. Azucena Gonzalez-Coloma.

2023: Internship in department of engineering at university of Messina, Italy under the direction of Prof. Giovanni Neri.

Workshops

- 02/2021 : training entitled "how to write and publish a scientific article" , Faculty of sciences of Gabes, Tunisia
- 03/2022: participation in the training workshop in histology and anatomy techniques, AridRegion Institute, Medenine, Tunisia
- 11/2021: training entitled "plant physiology: recognition of tissues and anatomy of organs", higher institute of applied sciences and technologies of Gabes, Tunisia
- 03/2022: participation in the workshop "adaptation to climate change and enhancement of forest species in the Tunisian arid , National research institute for rural engineering, water and forests of Gabes, Tunisia
- 12/2021: participation in "the second international seminar of agriculture processing technologies in the saharan regions (TAGS), Douz, Tunisia.
- 05/2022: participation in the training workshop entitled "design of research studies in biology", Faculty of sciences of Gabes, Tunisia.
